

SuperPro 5004GP

Fastest Gang programmer in the industry

- Ultra-fast speed with built in 32bit RISC MCU
- Built-in 144 pins (comes with additional 48pins ZIF socket)
- 4 independent programming modules operating concurrently
- Supports more than 48,000 devices
- Supporting large size NAND Flash devices
- Programs and verifies 1 Gb NAND Flash device in 108 sec.
- Includes free device support request
- Supports USB 2.0 PC connectivity
- Programs devices with Vcc as low as 1.2V
- Totally hands-free programming
- Priced at \$6,295.00

SuperPro 501S N*Cluster

Low-cost and fastest volume production solution in the industry

- Ultra-fast speed with built in 32bit RISC MCU
- Built-in 48 pins
- Two programmers in one: Supports Stand-alone Mode and PC Mode
- Programs and verifies 64 Mb Eeprom at 43.4 sec
- Cluster programmer for volume production
- A person can easily operate 10 or more programmer
- Has Compact Flash card slot
- Supports USB 2.0 PC connectivity
- Programs devices with Vcc as low as 1.2V
- Totally hands-free programming
- 4 x SuperPro 501S w/ 4 x 512 MB CF card
- Priced at \$3,980.00

SuperPro 9000U

Stand-alone Gang Programmer w/ large device support

- Built-in 48 pins
- 4 independent programming modules operating concurrently
- Two programmers in one: Supports Stand-alone Mode and PC Mode
- Supports more than 41,000 devices
- Cluster programmer for volume production
- Programs and verifies 32Mb Intel Flash device (28F320W18) at 18 seconds
- Includes free device support request
- Has Compact Flash card slot (comes w/ 4 x 512 CF card)
- Supports USB PC connectivity
- Totally hands-free programming
- Priced at \$3,695.00

SuperPro 3000U N*Cluster

Largest device support in the industry

- Built-in 48 pins (expandable to 100 pins)
- Two programmers in one: Supports Stand-alone Mode and PC Mode
- Supports more than 47,000 devices
- Cluster programmer for volume production
- A person can easily operate 10 or more programmer
- Programs and verifies 32Mb Intel Flash device (28F320W18) at 18 seconds
- Includes free device support request
- Has Compact Flash card slot
- Supports USB PC connectivity
- Totally hands-free programming
- 4X SuperPro 3000U w/ 4 x 512 MB CF card
- Priced at \$4,780.00
